

Bias and Discrimination in Algorithmic Decision-Making

October 11, 2022, Institute for Legal Informatics, Leibniz Universität Hannover

From 9:00	Arrival and registration
9:30 - 9:40	Welcome address <i>Prof. Dr. Christian Heinze, LL.M. (Cambridge), Universität Heidelberg</i>
9:40-10:10	Keynote: Algorithmic Fairness and Performativity <i>Dr. Philippe van Basshuysen, Leibniz Universität Hannover</i>
Session 1	Algorithmic Discrimination under European Law
10:10-10:55	European Non-Discrimination Law and AI: Challenges and Solutions <i>Jan-Laurin Müller, Universität Bayreuth</i>
10:55-11:15	<i>Coffee break</i>
11:15-12:00	Proving AI-Discrimination <i>Caroline Gentgen-Barg, Leibniz Universität Hannover</i>
12:00-12:45	Does the AI-Act prevent Gender Discrimination by AI Systems? <i>Selen Yakar, Christian-Albrechts-Universität zu Kiel</i>
12:45-13:45	<i>Lunch Break</i>

Session 2	Of Data, Algorithms and Decision-Making
13:45-14:30	Algorithms as rational Myths <i>Alexandra Keiner, Weizenbaum-Institut für die vernetzte Gesellschaft</i>
14:30-15:15	The Rationale for Art. 22 GDPR: the Cases of Human Dignity and Discrimination <i>Jan Horstmann, Leibniz Universität Hannover</i>
15:15-15:35	<i>Coffee Break</i>
15:35-16:20	Lawfulness of processing Personal Data for Debiasing <i>Ioanna Papageorgiou, Leibniz Universität Hannover</i>
16:20-17:05	Transparency and Explainability in the GDPR: Access, Information, and Contestability Requirements as Foundations for the Rights to Information and an Explanation <i>Alejandra Bringas Colmenarejo, University of Southampton</i>
17:05-17:20	Wrap-up and goodbye

Further Information

Location: The venue is located on the 14th floor of the high-rise building at “Conti Campus”, Königsworther Platz 1, 30167 Hanover. From the city centre (Kröpcke or Steintor stations), lines 4 (direction Garbsen) and 5 (Stöcken) bring you to the campus (stop Königsworther Platz) in a few minutes.

Registration: Places for participants are limited. If you would like to attend, please send an email to horstmann@iri.uni-hannover.de.

Corona Rules: Currently, all restrictions related to the pandemic have been lifted. If this should change, the workshop will be held in accordance with the guidelines issued by the Leibniz University Hannover (see <https://www.uni-hannover.de/en/universitaet/aktuelles/corona/>) as effective on the date of the workshop.

Organization: The workshop is part of the interdisciplinary project “Bias and Discrimination in Big Data and Algorithmic Processing – BIAS” (www.bias-project.org), funded by Volkswagen Foundation.
